TC-001-PF-UI: Lenox Main Website verification

Report by: Diego Garcia Date: 20/04/2025

Web Version

Version: 20/04/2025

objetive

Verify that the LENOX homepage loads correctly and displays the corresponding and expected elements on startup.

Preconditions

1. Functional web browser
2. Stable internet connection
3. Access to a mobile device, desktop, or laptop computer

description

LENOX is an HR web platform where users can apply for job opportunities. This test will verify whether the system meets the expected user requirements.

Steps to reproduce

- Open the preferred browser (Chrome, Opera, Mozilla, etc.).
- Enter the URL link of the LENOX homepage into the address bar.
- Press ENTER on the keyboard to load the page.

Validations Checks

1. Verify that the page loads correctly without any loading errors.
2. Confirm that the LENOX logo is visible in the upper left corner of the page.
3. Verify that the main navigation menu is present and includes common sections such as "Solutions", "Teams", "About Us", "Plans", "Contact" (which directly includes the phone number), etc.
4. Check that the main section of the page contains relevant information about the products or services offered by LENOX.
5. Verify that there are links or buttons that allow the user to navigate to other sections or related pages.
6. Ensure that the footer contains useful information such as links to Solutions, Teams, About Us, Support, Privacy Policy, and icons or links to the digital platforms where the site is active.

Additional Scenarios

- Verify that the website is responsive and displays correctly on different screen sizes, including mobile devices.
- Check that all internal and external links work properly.
- Verify that images and multimedia resources load correctly.
- Ensure that the WhatsApp contact bubble in the bottom right corner follows the user while scrolling down the page.

Expected result

- The LENOX homepage loads without errors.
- All key elements (logo, navigation menu, main content, footer) are present and functioning correctly.
- The page provides a satisfactory user experience, consistent with the LENOX brand.
- All internal and external links work properly.
- All contact methods are accessible and allow the user to reach out according to their preference.

Actual result

The result was exactly as expected.

Status: Passed ✅

After following all the steps, the result was not as expected.

Additional Information

A link with visual evidence will be attached along with the bug report documentation.
The browser used for this test was Opera GX.
